

CAPABILITIES STATEMENT

Company Overview

Huberd Shoe Grease Company LLC manufactures Huberd's Shoe Grease, Shoe Oil, and Leather Dressing, premium, USA-made leather care products trusted for footwear, saddlery, tack, gloves, furniture and outdoor leather gear. Our formula was developed in 1921 in Oregon. Today it is produced in-house at our Bennett, Colorado facility under the same commitment to quality using only quality natural ingredients like beeswax and pine tar. As a small, owner-operated manufacturer with deep inventory reserves and full in-house production, we deliver dependable, high-performance leather care to retail, wholesale, and government customers nationwide.

Core Competencies

- Manufacture of premium leather care products: Shoe Grease, Shoe Oil, and Leather Dressing
- In-house formulation, mixing, and batch production using proprietary, century-old formulas
- Waterproofing, conditioning, and restoration solutions for footwear, saddlery, tack, gloves, automotive, furniture and leather gear
- Batch-controlled quality assurance with full lot traceability (unique Batch ID on every unit)
- Reliable supply chain: 1–2 year raw-material reserve and 6+ month finished-goods inventory
- eCommerce, wholesale, and retailer and distributor account management (Amazon, Walmart, retail stores, distributor networks)

Differentiators

- **Proven heritage** — 100+ years of specialized formula expertise, established 1921
- **Clean formulation** — no animal fats, solvents, or damaging additives; made in the USA with foreign and domestic ingredients
- **Full accountability** — 100% in-house manufacturing with no subcontractors used
- **Surge-ready supply** — deep inventory reserves enable rapid fulfillment of urgent or high-volume orders without compromising quality
- **Proven commercial track record** — \$1M+ in annual sales and a 4.7-star rating across 10,000+ customer reviews
- **Direct, hands-on quality control** — owner-operated with rapid root-cause resolution and no bureaucratic delay
